

Scented cards are available! See back page for more information.

**Plantable Seed Cards - Style #SSC**

By using items from nature to artistically create each card and Symphony product, including hand picked pine needles, flower petals and plant material, no two items are alike! All of our cards come with a 5" x 7" insert custom printed with your special message and adhered to the card. A matching 3" x 5" "romance" card is tucked inside with planting instructions for that particular seed. The receiver removes the inserts and sows your card, remembering you when flowers, vegetables, herbs or trees burst into bloom! All cards come with a 100% recycled envelope. Custom cards may be created using your choice of seeds and inclusions, 1000 piece minimum. 5R2S

### **Seed Card Gift Box Sets - Style #GBS**

Four beautiful handmade cards of different varieties are packaged together in our attractive window box made of textured cream, blue groove, or felt moss paper, with the added option of foil stamping on the front of the box. Whenever your customer needs to send a card they'll notice your logo and remember your thoughtful gift, while sending seeds to their friends. These cards retail for 4.00 each, so this gift is not only functional, but a great value. 5R2S
